

## Mobile Site

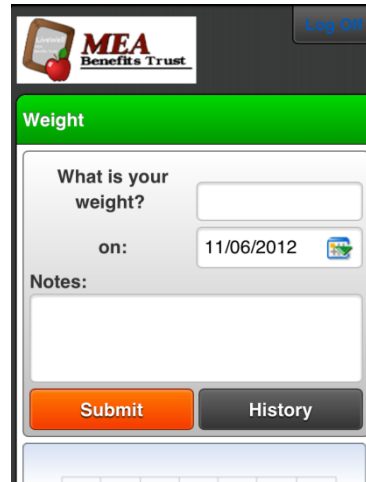

When a participant enters the web address [www.OnlifeHealth.com](http://www.OnlifeHealth.com) in their smartphone's browser, the mobile site will automatically be accessed. The member can log into the mobile site or choose to view the full site.

Once logged in, the My Tracking Tools screen will appear. All trackers are available for a participant to use; orange \* indicate recommended trackers. Note the customization of your logo from the portal is part of the mobile site.

A participant can submit their tracking information, earn points and view a history of tracker usage via the mobile site.

The participant always has the option to access the full site. The full site will allow the member to use all of the tools available on the portal via their smartphone.
