

The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [plan](#) would share the cost for covered health care services. **NOTE: Information about the cost of this [plan](#) (called the [premium](#)) will be provided separately. This is only a summary.** For more information about your coverage, or to get a copy of the complete terms

of coverage, www.anthem.com/meabt. For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#), or other underlined terms see the Glossary. You can view the Glossary at www.healthcare.gov/sbc-glossary/ or call (800) 527-7706 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$200/member or \$400/family for PCP Referred Benefit Level. \$250/member or \$500/family for Self-Referred Benefit Level.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible .
Are there services covered before you meet your deductible ?	Yes. Preventive care for In- Network Providers .	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan ?	\$7,150/member or \$14,300/family for PCP Referred Benefit Level. \$8,550/member or \$17,100/family for Self-Referred Benefit Level.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	Premiums , Balance-Billing charges, and Health Care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes, HMO Choice. See www.anthem.com or call (800) 527-7706 for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of- network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of- network provider for some services (such as lab work). Check with your provider before you get services.

Do you need a referral to see a specialist?	Yes	You can see the specialist you choose without a referral , however the self-referred level of benefits will apply. You will need a referral from your PCP to receive the highest level of benefits.

IMPORTANT NOTICE: Please note that this is a new federal SBC template and there is a known issue with the coverage calculator that produces the coverage examples in the SBC. As a result, the coverage examples are not accurate and should not be used to compare plans. We are unable to modify these coverage examples per the direction of the Department of Health and Human Services (HHS). Once the issue has been fixed, we will update the SBCs accordingly.

The [plan](#) would be responsible for the other costs of these EXAMPLE covered services.
